The Postal Service has filed the following library references for public use in this proceeding:

USPS-LR-R2021-1-2	USPS Marketing Mail Workpapers
USPS-LR-R2021-1-3	Periodicals Workpapers

USPS-LR-R2021-1-7	Seamless Volumes Workpapers

These workpapers have been uploaded to the Public Library References folder on the United States Postal Service Secure Large File Transfer Web Application portal (USPS SLFT).

The first five workpapers estimate the revenues for each class of market dominant mail resulting from the price change for purposes of the price cap calculation. Each set of workpapers has a Preface that explains the contents of the workpapers in detail. The Preface in each of the first five workpapers provides an overview, a

discussion of any necessary adjustments to the billing determinants for the four quarters ending Quarter 3 of FY 2020, and an explanation of the revenue calculations.

The workpaper USPS-LR-R2021-1-6 provides the five Outbound Single-Piece First-Class Mail International billing determinants, which comprise the public portion of USPS-LR-R2021-1-NP1 (First-Class Mail International and Inbound Letter Post Workpapers).

The USPS-LR-R2021-1-7 Library Reference provides quarterly and annual Seamless volume data for the hybrid year Quarter 4FY2019 to Quarter 3FY2020.

Respectfully submitted,
